Larisa Abel
Campaign Finance Analyst
Reports Analysis Division

Larisa Able,

I am sending my current 3rd Quarter report and an amended 2nd Quarter report. I do see that there were some problems with my 1st Quarter report in a letter you sent. I did go through my 1st Quarter report with Robin Kelly and we my Schedule D seemed to be correct.

I have been working with the Federal Election Commission for ten years or better striving to get my reports done properly. Since my committee carries debt from past election cycles I am required to send a Schedule C & D no matter what if I want to recover some of my debt some day. That is why a blank Schedule C & D are sent, from what I have been told in the past. I was told that I have a new analysis, so I am willing to do what ever it takes to do the right job on the reports. So I would gladly work with you to resolve this issue. I would be nice if I could communicate with you via email to make things easier. Feel free to contact me at my email address below.

Sincerely,

Mark J. Leyva
